Re: New York City Department of Environmental Protection's FY2018 and FY
2019 Hansen Data

Dear Mr. McKenna and Mr. Hampston,

I write to transmit a revised copy of the Hansen Database sewer backup data for Fiscal Years 2018 and 2019. The data are the same as those submitted along with my letter dated November 19, 2019, except that DEP has added addresses and latitude/longitude coordinates for the sewer backup data. As agreed to between the City and EPA and memorialized in letters dated December 22, 2016 and January 23, 2017, enclosed please find a disk containing sewer backup data from DEP's Hansen Database for Fiscal Year 2018, which ended on June 30, 2018, and Fiscal Year 2019, which ended on June 30, 2019. The data format is consistent with prior productions of Hansen data to EPA.

Sincerely,

Devon Goodrich
Senior Counsel
Environmental Law Division
